Our 60th year

President's Square:

*****Modern Western-style square dancing began about 1950 and exploded over the next 15-20 years—during its heyday (1960-1990), clubs routinely had 12-15 squares with some large area dances having 35-50 squares! By 1990, clubs were in a gradual decline; many folded; recruitment of new members was difficult.***

*****Laughing Squares has felt the drop-off too, though we maintain a healthy 6-9 squares at most dances. What can we do to attract new dancers? Every member must enthusiastically promote our Club! Talk to younger folks in our families and friends. Talk about the mental and physical benefits of square dancing!***

*****We refuse to let this wholesome, fun-filled activity die out. Our challenge to you? Begin now to recruit for the Fall 2018 dance lessons. As a Club, we can and should promote ourselves—help us keep Laughing Squares a fun and lively place!***
